

## L-7 Air

Q1. Fill up the blanks.

1. We need air to breathe.
2. Mountaineers who climb high mountains carry air with them.
3. Air becomes thinner as you go up high mountains.
4. Breathing dirty air can make us ill.
5. Soot mixes with smoke and give smoke its colour.
6. Plants help to keep the air clean.
7. We should not burn garbage, instead bury it.
